Legislative Program - 100th Congress

1. In order to serve the needs of the Directorate of Administration, OCA will focus on and track legislation on a wide range of issues in the 100th Congress. A sampling of these is included as an attachment. We will strive to keep offices informed in a timely manner when there is significant legislative action within your area of interest. We welcome your input for additional legislative issues that should be monitored.

2. Office representatives who follow legislation should be aware that OCA has obtained LEGISLATE, a computer based system that enables us to list and track all bills introduced in Congress. We have been working closely with some offices in Personnel using this system. We want to be sure that all directorate offices are aware of this capability and will be pleased to work with you to handle your legislative inquiries. [redacted] is the LEGISLATE system operator and [redacted] is the DDA referent in OCA.

3. Once the 100th Congress convenes, OCA will continue to issue the monthly Legislative Highlights and Developments Report for dissemination within the Directorate.
